So many reasons to be thankful . . .

With gratitude, we look back on a year of growth and impact made possible by our donors, volunteers, and all those who support GROW.

- **Piloted innovative programs** engaging 75+ participants in meaningful activities.
- **Expanded our harvest potential** with a new greenhouse and planting 25 apple trees
- **Connected with the community** welcoming 400+ to Buds & Blossoms and GrowFest; 5,000+ volunteer hours strengthened our mission.
- **Gave back to the community** by donating 17% of our apple and pumpkin crops to combat food insecurity.

Here's to nurturing growth, joy, and opportunities together in 2025!

🌱 **Giving Tuesday is December 3rd!** ☀️

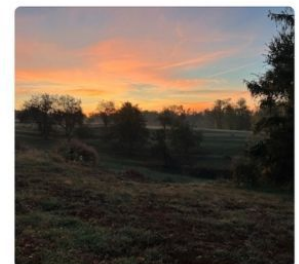

Join us for our campaign:
"Planting Roots, Growing Impact."

Each donation will "plant a seed,"
helping GROW thrive in two ways:
Literally: By expanding our orchard
and its harvest potential.

Figuratively: By empowering our Core Crew to
learn, grow, and succeed.

By the end of the giving season, we hope to cultivate an orchard full of virtual apple trees, each one a symbol of your generosity!

🍏 Visit Growwithkazimour.org or follow us on Facebook (**GROW at Kazimour Farm & Orchard**) to plant your seed of support. Together, let's grow something extraordinary!
